MOUNTING ADAPTER RAX/AK 350/450H

DESCRIPTION. The RoHS-compliant Model MA RAX/AK 350/450H Mounting Adapter includes an adapter plate and mounting screws that allow a 350W or 450W AK power supply to be easily substituted for a horizontally-mounted 300W RAX power supply. Mount the adapter plate to the AK power supply using the screws provided (see Figure 1), then install the adapter plate in place of the RAX power supply using the screws that previously secured the RAX power supply.
